

VIBE Audio & Frankies AutoElectrics Win Big Down Under

The Summernats Car Festival (6th-9th January 2011) held annually in Canberra, is Australia's biggest car show and sees the best modified cars compete in car audio competitions and styling & tuning events,

Australia's biggest VIBE dealer Frankies AutoElectrics entered the SQ Installation Sound off with the VIBE sponsored Suzuki Swift and took away the 4 major 1st place trophies in the event. The Frankies Team Volvo also won the outright title of SPL King.

All the Frankies Team competitors took first prize trophies in the SPL events and most placed very highly in SQ events. A total of 14 1st Place trophies were awarded to Frankies Team members.

However the biggest success story of the 4 day event was the Frankies Vibe Swift in the Summernats Show and Shine competition. Initially the Swift was entered into the Street Class but at scrutinizing for the Top 60 Street cars it was promoted to the Elite level. The Elite class is a notoriously difficult competition, traditionally dominated by big American Muscle Cars; however the outstanding quality of Frankies VIBE Suzuki Swift was recognized and awarded a place in the prestigious Top 60 Elite Cars.

Placing in the Top 60 out of over 1,200 cars that entered is a massive achievement for the Frankies VIBE swift and the resulting publicity for the VIBE brand has been huge.
